Full Compass has a wide selection of DJ equipment including turntables, headphones, mixers, drum machines, cartridges and accessories. Our collection of effects lighting and video presentation equipment will get you noticed with the latest in visual technology, while our control surfaces and interfaces will ensure you never miss a beat. The following pages are a small representation of the DJ products we offer. For even more options, visit us online at fullcompass.com or call a Sales Pro at 800-356-5844!

## AMERICAN AUDIO

### AMERICAN AUDIO DCDPRO310-MKII

This 2RU dual CD player's jog wheels control pitch/frame search modes, and pitch control & bend. It offers CD, CD-R compatibility, repeat & playback modes, anti-skip protection, LCD screens and backlit buttons.

**DCD-PRO310-MKII** ..... 149.99

### AMERICAN AUDIO SDJ2

The SDJ2 is a dual SD/SDHC card player with built-in 2-channel mixer. It has a USB input, a mic input, and balanced 1/4" TRS & RCA outputs. Other features include folder search, auto BPM, seamless loop, tempo lock, pitch control & bend functions and more.

**SDJ-2** ..... 299.99

## audio-technica always listening

### AUDIO-TECHNICA ATLP240-USB

This USB turntable connects directly to a computer, allowing you to create digital copies of your vinyl albums. Plays 33-1/3, 45, 78 RPM records. Includes Audacity® (PC/Mac) software for audio conversion, plus MP3 and WAV creation. Also features high-torque multi-pole motor, selectable internal stereo phono pre-amplifier, and an S-shaped tone arm with anti-skate adjustment.

**ATLP240-USB** ..... 386.49

## CORTEX intelligent. sound.

### CORTEX HDC-500

The 1RU HDC-500 digital DJ controller lets you connect most external devices to its front or rear USB port to cue, pitch and play digital music. Offers intelligent music management with advanced search, a backlit LCD display and jog wheel.

**HDC-500** ..... 269.95

## DENON

### DENON DND4500

This rack-mount dual CD/MP3 player features key adjust, an auto BPM counter, CUE shutter, 1,000 memo points for loops & hot starts, relay play with adjustable overlap, and more. MP3 playback features include seamless looping with B-trim edit, hot starts, and file & frame searching.

**DND4500** ..... 635.00

### DENON DNS1200

An 8" wide media player/controller with a front-loading slot CD drive, the DNS1200 features a USB MIDI interface, a touch-sensitive jog disc, 7 onboard effects, 2 hot starts & 2 seamless loops. Includes Denon's DJ Music Manager application for PC. Unit is Mac OSX and Windows Vista compatible.

**DNS1200** ..... 549.00

### DENON DNHC4500

This PC/Mac-compatible USB/MIDI audio interface has been designed for use by computer-based DJs. It features high-quality audio processing and low latency ASIO/OSX core audio support, internal 24-bit processing, USB 2.0 interface, and user-adjustable presets.

**DNHC4500** ..... 549.00
**BU4500** ..... CD/MP3 drive unit for DNHC4500 ..... 409.00

## Numark

### NUMARK CDN SERIES DUAL CD PLAYERS

These rack-mount CD players feature control units separate from the drive units, backlit displays, dual-ring jog/pitch wheels and pitch change controls for each drive.

**CDN22-MK5** ..... RCA & S/PDIF outs, +/-12% pitch control, Fader Start ..... 149.95
**CDN450** ..... +/-4/8/16% pitch control, Fader Start, RCA & S/PDIF outs, real-time scratch & seamless looping, auto-BPM detection w/tap override ..... 299.95
**CDN77USB** ..... Dual USB drive support, 4/8/16/100% pitch control, scratching, seamless loop, reverse & brake effects, auto BMP counter ..... 399.95
**CDN88-PRO** ..... Real-time scratching, 2 seamless loops w/hot stutter starts, Beatkeeper™, 9 DSP effects, +/-6/12/25/100% pitch control ..... 499.95

### NUMARK ICDMIX 2, 3

These dual-bay CD player/3-channel mixer/iPod dock units are rack-mountable and feature RCA inputs for additional players, Fader Start, anti-shock skip protection, seamless looping, and pitch control-enabled beat matching.

**ICDMIX-2** ... Dual-bay CD player/3-CH mixer/iPod dock ..... 249.95
**ICDMIX-3** ... Same as ICDMIX-2, with MP3-CD playing capability ..... 349.95
**CDMIX-CASE-V3** Case for ICDMIX-2, ICDMIX-3 ..... 62.37

## Pioneer

### PIONEER CDJ850

Features a large jog dial, front-loading CD drive, and an analog RCA output. Works with multiple file types (MP3, AAC, WAV, etc.) on either CD-R or USB stick. Comes with rekordbox™ (Mac/PC) music management/playlist creation/cue & loop software. Onboard display shows song info, (title, artist, BPM) or song flow & dynamics.

**CDJ850** ..... 899.00

### PIONEER CDJ900

Intended for DJs, this CD/USB player/controller can play multiple types of files off of CD-R or USB drive. Comes with rekordbox™ (Mac/PC) software and features MIDI assignable buttons, a large jog wheel, and 4-beat loop creation capabilities. Also features slip mode for continued song playback during looping, reversing, or scratching.

**CDJ900** ..... 1299.00

### PIONEER CDJ2000

Plays multiple types of digital audio files off of CDs, DVD-ROMs, SD cards and USB drives. Features a 6.1" color LCD screen and GUI, Needle Search pad for in-song cueing, assignable buttons for DJ effects and software for MIDI mapping. Pro DJ Link allows you to connect up to 4 player/controller units to one music source. Comes with rekordbox™.

**CDJ2000** ..... 1899.00

## stanton

### STANTON STR8-150

Heavy-duty steel construction minimizes feedback. Features a strong torque motor, stable platter, and a skip-proof straight tone arm. Also features start/brake speed adjustment, S/PDIF out, key correction, and comes with a pre-mounted Stanton 680HP cartridge.

**STR8-150** ..... 499.00

ACCESSORIES

## ALLEN&HEATH

### ALLEN & HEATH XONE:DX

This MIDI controller features a 4-channel layout with FX and has a 20-channel USB 2.0 soundcard for total integration with ITCH software. Includes phono inputs for external decks, two dual-layer deck simulators, balanced XLR and RCA mix outputs, and a separate booth output.

**XONE:DX**.....MIDI USB Serato ITCH controller ..... 999.00

## Numark

### NUMARK NS6

This 4-channel controller has 4 decks of software control & a mixer with effects. Hi-res platters offer 3600 ticks of resolution per rotation. Also features Strip Search virtual needle drop tech, direct access to beat grid controls, beat skip, mouseless Serato library navigation, key lock, pitch control, hot cues, and more. XLR outs, headphone out, 2 mic ins, 2 phono ins, 4 line level ins, and USB. Comes with Serato ITCH.

**NS6**.....4-channel Serato ITCH controller/mixer w/software... 999.95

### NUMARK NS7FX

This Serato controller comes with ITCH and features a 24-bit USB 2.0 interface (2 in, 4 out) which allows this controller to send MIDI signals at 2-3x normal speed. Also has balanced XLR & unbalanced RCA connectors.

**NS7FX**.....Serato/effects controller kit ..... 1299.95

### NUMARK MIXDECK

Great for use as a software controller or for multiple music sources (CDs, USB, portable music devices). Features 2 platters and cueing controls, faders, iPod dock, and the ability to record a live set to iPod. Input channels have 3-band EQ and gain rotary kills. Other features include beat-synced DSP effects (chop, flanger, echo, etc.), key lock, pitch bend, seamless looping, sampling, etc. 2 sets of switchable stereo phono/line inputs, 1/4" mic in, stereo balanced XLR & unbalanced RCA outs, among other I/O.

**MIXDECK**.....CD/MP3/software mixer for DJs ..... 699.95

## DENON

### DENON DNHC1000S

For interfacing with DVS systems, the DNHC1000S is USB MIDI/bus-powered. Features a File Select knob and buttons with Back-Forward Action keys, Track select & Fast Search buttons, 5 Cue Point & 3 Sample Player buttons, a Loop In/Out button, and an Auto Loop button. Mappable for other DJ software systems as well.

**DNHC1000S** ..... MIDI USB Serato ITCH controller ..... 169.00

## Pioneer

### PIONEER DDJ-S1

This 2-channel controller's layout matches ITCH's user interface and features pre-assigned buttons & knobs. Also features alphabetical song & in-song playback search functions and a slip mode for looping & scratching while maintaining tempo. Has 1 combi XLR-1/4" & a 1/4" mic input, RCA aux in, XLR & RCA master outs, USB, and 1/4" & 1/8" headphone outs.

**DDJ-S1**.....Bus-powered ITCH controller ..... 1299.00

## RANE

### RANE SL2

This USB interface comes packaged with Serato Scratch Live, two 12" control vinyl records, and two control CDs. The SL1 allows you to use regular turntables or CD players to scratch & mix music on your computer's hard drive. Features RCA L & R inputs & outputs and a CD/phono input switch.

**SL-2**.....Scratch Live USB interface ..... 499.00

### RANE SL3

This USB interface features 24-bit audio processing, studio-grade preamps, and auxilliary ins & outs. Includes 12" control vinyl records and control CDs for use with Serato Scratch Live.

**SL-3**.....USB Scratch Live interface with control vinyl & CDs .....699.00

AMERICAN AUDIO

## AMERICAN AUDIO VMS4

This digital workstation/ MIDI controller features 4 USB/analog selectable channels, a built-in mouse pad, MIDI-assignable touch strips, and analog mixer operation. It has 2 phono/line selectable analog channels and 2 XLR mic channels.

**VMS4** .....4-channel USB/analog MIDI controller..... 499.99
**VMS4-TRAKTOR**.....VMS4 with TRAKTOR software..... 599.99

DENON

## DENON DNMC6000

This MIDI interface has an internal stereo sound card, 4 channels, and can connect with up to 8 sources. Comes with Virtual DJ LE A/V mixing software and is MIDI mappable. Each side of the unit can control up to 2 decks (4 total). Can operate as a standalone mixer. Also features onboard MIDI effect controls, file navigation keys, a headphone amp, independent 3-band EQ, and pitch, channel and cross faders.

**DNMC6000**....4-channel DJ mixer w/MIDI interface..... 799.00

NATIVE INSTRUMENTS

## NATIVE INSTRUMENTS TRAKTOR KONTROL X1

Controls Traktor or other DJ software. Buttons are pre-mapped for optimum Traktor R use and can be reconfigured. Can be used as a MIDI controller and expanded with a second unit to control 4 decks and 4 FX units. Comes with Traktor LE and Kore 2 Player/Instrument.

**TRAKTOR-KONTROL-X1**.....Traktor/MIDI controller..... 199.00
**TRAKTOR-KONTROL-X1BG**.....Padded bag for X1..... 39.00

## NATIVE INSTRUMENTS TRAKTOR KONTROL S4

Packaged with TRAKTOR PRO S4, the Kontrol S4 is a 4-channel DJ mixer/intuitive controller with a built-in 24-bit soundcard. Features cue buttons, 3-band EQ & a filter control knob on each channel, 4 line/phono selectable RCA inputs, 2 RCA & 1/4" main outs, a 1/4" mic in, and MIDI I/O connectivity.

**TRAKTOR-KONTROL-S4**..... USB/software DJ controller/mixer/interface .....899.00

## NATIVE INSTRUMENTS TRAKTOR SCRATCH PRO

This 10-channel USB interface with MIDI comes with Traktor Pro 2 software, 2 control vinyl records, and 2 control CDs for manipulating your digital music. Features over 30 effects, multiple EQ & filter types, loop recorder and sample decks.

**TRAKTOR-SCRATCH-PRO2**.....USB 10-channel interface w/DJ software.....599.00

Numark

## NUMARK MIXTRACK

This portable MIDI-compliant, USB-powered controller sports a familiar 2 turntables/wheels & mixer setup. Features line faders, deck EQs, and looping & effects controls. Works with a variety of digital music file types and requires no software drivers. Comes with Traktor LE.

**MIXTRACK** .....149.95

Pioneer

## PIONEER DDJ-T1

Connects to your Mac or PC via USB and features playback point search, a song data load button, and a master sync button for beat matching over 4 channels. Works with Traktor and also features pre-assigned buttons, jog wheels, an RCA aux in, 1/4" mic in, 1/4" mic & RCA master outs and 1/4" & 1/8" headphone outs.
